

## Accessories

### Dummy Rail Devices

The Advantex Series of non-locking or dummy rail devices are designed for use on all types of doors where locking is not required. Utilizing the same extruded aluminum base-plate and stainless steel wraps, these devices are able to complete your specification where non-locking interior doors are required.

#### 01/04 Standard Dummy Device with head cover and endcap

The 01 for wide stile and 04 for narrow stile devices consists of a moving pushpad but no latch bolt. The 01 provides the look of the standard 10 exit device for wide stile doors when matching devices in a grouping is important. The 04 provides the look of the standard 40 exit device for narrow stile doors when matching devices in a grouping is important.

#### Mechanical Options

- |                           |                                    |   |
|---------------------------|------------------------------------|---|
| • HD - Hex Dogging (Std.) | • 36 - Fits 36" Door Widths (std.) | • EC1 - Ramped Endcap - Heavy duty (standard on 630, 606, 612, 613, 605, 611 & 629 finishes only) |
